

certificate no.

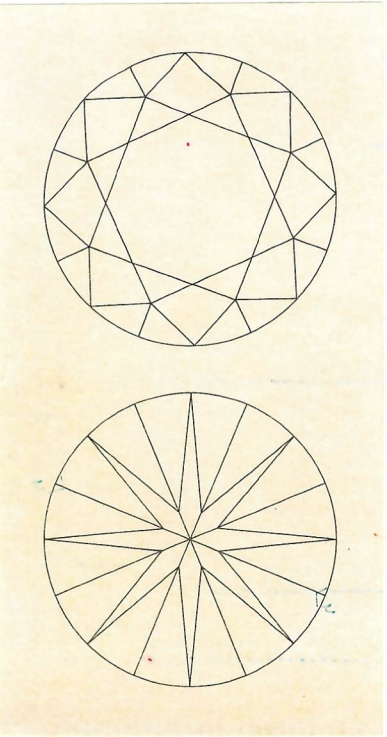

041851

This certificate is established in conformity with the "International Rules for Grading Polished Diamonds", approved by the World Federation of Diamond Bourses and the International Diamond Manufacturers Association at the May 1978 Congress.

The stone in accordance with the above mentioned number has been identified as a natural gem diamond and has the following description :

shape brilliant
 weight 1,17 ct
 clarity grade vvs2
 colour grade rare white (G)
 fluorescence nil
 measurements 6,74-6,76mm x 4,12mm
 proportions very good
 girdle medium, 3,5%
 culet pointed
 table width 63%
 cr. height 12,5%
 pav. depth 44%
 finish grade very good

comments

identification marks :

Red symbols refer to internal and green symbols to external characteristics. The symbols do not usually reflect the actual size of the characteristics. The characteristics have been indicated in order to clarify the description and/or for further identification.

gemmologists

antwerpen,

21/4/1980

The characteristics of the above mentioned diamond have been established by scientific measurements and observations, carried out in the laboratory of the Diamond High Council.
